Justine is an Angel sent from Heaven to help individuals in need. She is a natural healer. She has a passion in what she does, not only cares for her patients with her gift to heal but is also compassionate about educating them. I met Justine about a year ago through a referral. I was in a motor vehicle accident in 2007 and was badly injured. I had been doing a number of other treatments and seeing specialists for my Migraines at St. Michaels Hospital and for other injuries. Justine has helped me manage my migraines and is working with me on recovering from other ailments due to my MVA. I have been so blessed the day I was given Justine's Name as a referral from an existing patient in which I met by chance. I thank Justine every time I see her for helping me manage my migraines. They were so bad that I was missing work, I would have to hide and migrate into a dark room with no light, noise. My head felt like it was going to blow. I call Justine my angel because, she is truly an Angel sent from Heaven to share the special gift she has with others. – *Guen Francolini, Brampton*
